makes a difference

ULTRA-PORTABLE CLEANING.

Cold water pressure washer skid for UTVs.

PROFESSIONAL | HD UTV SKID

LIBERTY HD UTV SKID

Portability - UTV skid.

This rugged and light weight cold water skid is designed to easily mount in the back of most all terrain utility vehicles and pick-up trucks, allowing you ultimate portability and power in a cold water unit. The UTV is powered by a reliable Subaru EX gas engine and Kärcher crankcase pump, has a rugged steel base with forklift openings on the front and a 50' high pressure hose that connects to a Professional-Duty gun and wand.

1 Easy to transport

- With a width of less than 50", it easily mounts in the back of UTVs.
- Forklift openings on the front of the skid for convenient loading and unloading.

2 Rugged design

- Heavy gauge steel fabrication 100' hose reel. Easy to use break mechanism reduces unwinding backlash, oversized heavy-duty locking mechanism prevents slippage during reel operation. Durable handle.
